

AMENDMENTS TO THE DRAWINGS

Please replace Figure 1 with the Replacement sheet at the end of this paper.

The only amendment to Figure 1 is the addition of the words "(SEQ ID NO:1)" next to the figure caption to indicate that the amino acid sequence in Figure 1 corresponds to SEQ ID NO:1.

REMARKS

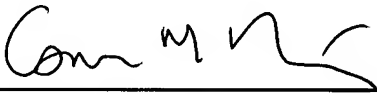

Pursuant to 37 C.F.R. § 1.821(c), this amendment directs the entry of the Sequence Listing filed on October 16, 2006, at the end of the specification. The Amendment also incorporates the sequence identifiers of the Sequence Listing into the specification, claims, and Figures, as required by 37 C.F.R. § 1.821(d).

New claims 27-29 have added in this amendment. Claims 27-29 are directed to the subject matter currently deleted from claims 20-22, and find support in original claim 6. The amendment to claim 20 replacing 62.5 µg with 60 µg finds support in the specification at p. 13, lines 9-14.

Respectfully submitted,
